ORRA established the Emmons scholarship in the memory of ORRA's first Executive Director, Roger W. Emmons. To date, 46 scholarships have been awarded to deserving students. Thanks to the hard work of the **Emmons Memorial Scholarship Committee** and those who participate in and contribute to the annual charity golf tournament, the funds have increased to allow for the academic scholarship to become a four-year renewable award and the vocational scholarship to become a two-year renewable award. The scholarship (both academic and vocational) is offered to a high school graduating senior who is a child or grandchild of an owner or employee (if employed three or more years) of an ORRA solid waste company regular member. High school graduating seniors do not have to graduate from an Oregon school to qualify. The scholarship may be used to attend any accredited school in the United States.

Good luck to all of the applicants!
